

What is an ICHRA?

The future of customizable, affordable healthcare

Individual Coverage Health Reimbursement Arrangement (ICHRA) is a health plan solution that allows employers to contribute to their employees' HRA each month for premiums and out-of-pocket medical expenses.

Reverse the trend of double-digit premium hikes with zizzl health's end-to-end ICHRA solution.

Key benefits of a zizzl health ICHRA.

- ✓ Employers can offer to full-time, part-time, or independently contracted employees while satisfying ACA requirements.
- ✓ Unique premium payment process gives employees the funds to pay for premiums without having to wait for reimbursement.
- ✓ Intuitive, state-of-the-art platform helps employees pick plans and offers live call center enrollment support.
- ✓ An industry-leading customer service team to make sure everything runs smoothly for employers and employees.

zizzl health makes the ICHRA transition easy.

1

Contracting and Kickoff

Implementation begins with a quick meeting to align on the process and detail next steps for all parties.

2

Requirements Gathering

Employers partner with their broker to define rules, contribution amounts, and plan documentation.

3

Site Build

The zizzl health team configures the client enrollment platform based on the plans and rules for each employer.

4

Go Live

The online portal is ready for both employers and employees, with access to a toolkit containing everything needed to start enrollment.

Get back to the campfire with zizzl health, where hospitality is at the forefront.

Request your complimentary analysis today to see how much your clients can save!
